**Hugo Damián Prieto Blanco**, Cuban Human Rights Activist, leader of **Frente de Acción Cívica Orlando Zapata Tamayo (FACOZT)**, was arrested again during a peaceful demonstration in Cuba. On December 3, 2018, he was subjected to a kangaroo court and whisked away to serve yet another year in prison. Hugo's quest for human rights and freedom for Cuba has resulted in relentless harassment, detainment, and imprisonment at the hands of a regime that makes freedom of expression a punishable crime. Hugo suffered a heart attack earlier this year, his health and safety are at great risk. Political prisoners are denied necessary medications and subjected to cruel and inhumane conditions. While this ruthless regime lobbies for commerce internationally, it violates human rights in Cuba and abroad.

**FREEDOM FOR HUGO AND ALL POLITICAL PRISONERS**
